2026 Retiree Benefits Guide

Welcome

Dear Team Palm Beach,

I am excited to announce a valuable new health benefit for you and your family. Starting **January 1, 2026**, all eligible retirees and their dependents will have access to PeopleOne Health, an award-winning healthcare program, provided by the School District of Palm Beach County.

Please note: This is a completely voluntary benefit offered in addition to your existing UnitedHealthcare plan and does not replace it.

With this no-cost program, you will enjoy unlimited access to a dedicated care team that includes primary care physicians, registered dietitians, behavioral health specialists, and health coaches. There are **no copays, no deductibles, and no surprise bills** for any services provided, including labs and diagnostics.

Key features of your PeopleOne Health benefit include:

- **Zero Out-of-Pocket Costs:** All visits, labs, and services through PeopleOne are covered 100%.
- **Complete Care Team:** Access a full range of proactive health and wellness experts.
- **Unmatched Access:** Schedule same-day or next-day appointments and connect with a provider 24/7.
- **Personalized Attention:** PeopleOne doctors see fewer patients, which means longer visits, stronger relationships, and better health outcomes for you.

To make care convenient, PeopleOne Health is opening four dedicated health centers in Palm Beach County, located in **Boynton Beach, Boca Raton, West Palm Beach, and Wellington.**

This program is our investment in your well-being.

Enrollment is open now and you can elect to join at any time during the year. To secure your membership, you must simply schedule an initial visit with your care team within the first six months.

Don't miss this opportunity to experience a new kind of healthcare—one built entirely around you.

Sincerely,

Mike Burke, Superintendent

New Pre-Medicare Retirees

BENEFITS AVAILABLE FOR NEW PRE-MEDICARE RETIREES

As a retiree of The School District of Palm Beach County, you are eligible to continue medical, dental and/or vision coverage if you are not yet eligible for Medicare and are current with all premium contributions. For more information regarding benefits, policies and premiums, please refer to the retiree benefit information found under the Careers tab at: www.palmbeachschools.org

Your benefits as an active employee will end on the last day of the month in which you retire. For example, if an employee retires on May 15, active coverage will terminate on May 31. Retiree information will be mailed to the home address on file. You will have 30 days from the day your benefits end as an active employee to make elections and pay the retiree benefits premium to continue the retiree benefits offered to you. However, for all employees (with the exception of 12-month employees) who retire at the end of the school year and work through their contract period, coverage will end on July 31st of that year.

NOTE: For less than 12-month employees who do not work through the end of the school year and who do not work through their contract period, coverage will end on the 1st of the month following their last day worked.

MEDICARE ELIGIBLE PLANS - FSRBC

In order to be eligible to continue health insurance benefits, you have to be retired and receiving monthly payments from FRS. Enrollment in the FRS investment plan may limit your eligibility to continue health benefits upon retirement. Please refer to [School Board Policy 3.79](#) for more information.

Upon you or your dependent becoming eligible for Medicare (including Disability Medicare), Medicare will assume the role of primary health coverage. This transition occurs on the first day of the month immediately following your last day of employment, regardless of any maintained retiree benefits provided by the district.

The School District of Palm Beach County has joined the Florida School Retiree Benefits Consortium (FSRBC). The Consortium will be providing enhanced retiree benefits through their partners Aon and BSwift. FSRBC Open Enrollment is from **Oct. 27 - Nov. 14, 2025.**

IMPORTANT

Your retiree insurance benefits will terminate on the **first day of the month** in which you become eligible for Medicare Part B.

Please Note:

Your retirement date must be in a month in which you are covered under the district's benefits plan in order to continue benefits as a retiree. For less than 12-month employees, the same rules apply except that at the end of the school year, if you complete your contract, most benefits will remain in place through the end of July. If you do not physically return to work in August, your benefits ended in July, so your retirement date must be in July.

Retirees

Annual Enrollment Benefits Available

Every year the SDPBC has an annual enrollment period during which retirees have the opportunity to switch from one medical or dental plan to another and/or add dependent(s) to existing coverage. Retirees who wish to add a dependent to the medical, dental and/or vision plan must provide documentation; Social Security information is required for all enrolled dependents.

Plan Premium Payments

Premium payments are due by the first day of the month. Monthly premiums can be taken from your Florida Retirement System (FRS) pension. We are also pleased to offer ACH (debit from other accounts) as an alternative method of payment. For retirees under the Investment plan, the only option to continue premium payment is ACH debit.

Waiver or Dependent Removal Policy

A retiree may elect to voluntarily terminate their own coverage or remove a covered dependent at any point outside of the annual open enrollment period by providing a written request.

All requests must clearly state the desired effective termination date.

Please submit the request via email to Miriam.Morales@palmbeachschools.org or via fax to (561) 434-8103.

Irrevocable Change: Please be advised that any coverage area you drop will be considered a permanent termination, and you will not be permitted to re-enroll in that coverage in the future.

Right now is the perfect time to find out all you can about your coverage before you need it, especially how it works and where to go for care.

Always Carry your ID Card

Your ID card has key information about you and your coverage. Put your card in your wallet or your pocketbook so you won't forget it. When you're at doctors' offices, drugstores and hospitals, show it to make sure you are not billed unnecessarily. You may also be asked to show a picture ID, such as your driver's license or another government ID card with a picture on it, so be sure to bring this with you, too.

Tips to Make Your Doctor's Visit Worthwhile

Before your appointment:

1. Make a list of all the questions you have for your doctor, nurse or pharmacist.
2. Write down medications you are currently taking, including prescriptions, over-the-counter medicines, and herbal supplements.
3. Plan to bring a family member or friend to your visit if you have a hard time remembering what your doctor tells you.

During your appointment:

1. Tell your doctor if a family member has been diagnosed with a serious disease or condition. Also mention if you have or will be traveling outside the country.
2. Ask your doctor at every visit to send any laboratory test to a network facility.
3. Before you leave, make sure you can read and/or understand your doctor's or pharmacist's instructions. If you don't, it's okay to ask them to explain until you understand.

Diabetes - Level 2 Specialty Care

level2[®]

Level2 Specialty Care for Type 2 Diabetes Included with your health plan – at no additional cost

About the Program

Level2 is a diabetes specialty care program designed to help you go beyond simply managing type 2 diabetes. It provides tools and support to help you work toward improving your glucose control and overall health.

When you join, you'll receive a continuous glucose monitor (CGM) at no extra cost. This device lets you track your glucose in real time — no fingersticks required. You'll also have access to a dedicated care team made up of providers, coaches, dietitians, and other experts who will guide you through each step of the process.

Why Join?

Managing diabetes can feel overwhelming at times. Maybe you're tired of fingersticks, unsure what to eat, or struggling to stay motivated. Level2 is here to make things easier and help you take back control of your health.

With personalized guidance and tools, Level2 helps you understand what's affecting your glucose levels so you can make lasting, healthy changes.

How It Works

Joining Level2 is simple. First, you enroll in the program, which is quick and easy. Once your eligibility is confirmed, a CGM will be shipped directly to you.

From there, you'll connect with your care team to create a personalized plan for improving your glucose control. As you move through the program, you'll gain real-time insights into how your actions affect your glucose and learn how to make positive changes.

Participation and CGM availability depend on health plan and clinical eligibility criteria.

Cost

Level2 is included with select UnitedHealthcare plans. There is no additional cost beyond your regular health plan premium.

Pre-Medicare Retiree Vision Benefits

Provider: EyeMed Vision Care eyemed.com

An eye examination means more than getting a prescription – it evaluates your eye health and is critical in the early detection of several vision and health-related conditions, including:

- glaucoma
- cataract
- diabetes
- hypertension

Plan Features

You may choose independent ophthalmologists, optometrists, opticians or the convenience of a retail facility including LensCrafters®, most Pearle Vision locations, and Target Optical locations in your area or throughout the country for:

- eye examinations
- contact lenses
- glasses
- Rx sunglasses
- lens options and accessories
- LASIK and PRK laser vision correction procedures
- Hearing Discounts

Lens Options

You can choose from many different lenses and lens options for your frames at participating eye provider locations. Here are just a few of the lens options you may find at participating provider locations:

- **Ultra Violet (UV) protection** - UV ray exposure can be generated from the sun or other light sources. With enough exposure to these light rays, there could be an increased risk of cataracts and macular degeneration.
- **Anti-reflective (AR) coating** - This coating reduces the amount of light that reflects off the lenses. These lenses can be particularly helpful for driving at night, when reflections on your lenses may be greater than daylight

driving conditions. AR coating also enables people to see your eyes more clearly as opposed to seeing the reflection off your lenses.

- **Scratch-resistant coating** - When scratches are present on your lenses, they may distort or interfere with your vision. This protective coating is added to the lens surface to protect it from normal scratches as a result of everyday mishaps. It's a great way to extend the life of your eyewear.

Claim Forms

You do not need to obtain a claim form for the in-network services. Simply inform your provider that you are an EyeMed member when you make your appointment or visit a participating provider location.

To Locate An EyeMed Provider Near You

Visit the EyeMed website at www.eyemed.com and choose "Select" network and enter your ZIP code to find a provider or simply use the newly featured EyeMed member App.

Know Before you Go - a tool now available to all members on their portal which will give members estimates of their purchase total before visiting their provider.

Call EyeMed customer call center at (866) 723-0514 and choose the "provider locator" automated option, or speak to a customer service representative during normal operating hours (Monday-Friday, 7:30 a.m. - 11 p.m. ET; Saturday 8 a.m. to 11 p.m. ET; Sunday, 11 a.m. - 8 p.m. ET).

You can also save even more, visit a PLUS Provider and you get access to additional benefits such as \$0 exam copay and \$50 more to spend on frames. All Plus Provider perks are built right into your vision benefits – no promo codes, no coupons, no paperwork. Medicare Part D

CERTIFICATE OF CREDITABLE COVERAGE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the school District of Palm Beach County and prescription drug coverage available for people with Medicare.

IMPORTANT NOTICE FROM THE SCHOOL DISTRICT OF PALM BEACH COUNTY ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

It also explains the options you have under Medicare prescription drug coverage and can help you decide whether or not you want to enroll. At the end of this notice is information about where you can get help to make decisions about your prescription drug coverage.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare through Medicare prescription drug plans and Medicare Advantage Plans that offer prescription drug coverage.
All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. The School District of Palm Beach County has determined that the prescription drug coverage offered by UnitedHealthcare is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage will pay and is considered creditable coverage.

Because your existing coverage is on average at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay extra if you later decide to enroll in Medicare prescription drug coverage.

Individuals can enroll in a Medicare prescription drug plan each year from October 15 through December 7 and when they first become eligible for Medicare. However, if you lose your current creditable prescription drug coverage through no fault of your own, you will also be eligible for a two month special enrollment period (SEP) to join a Medicare drug plan.

If you do decide to enroll in a Medicare prescription drug plan and drop your UnitedHealthcare prescription drug coverage, be aware that you will not be able to get this coverage back. Prescription drug coverage is a part of the total health insurance plan offered by UnitedHealthcare and cannot be purchased separately.

Please contact us for more information about what happens to your coverage if you enroll in a Medicare prescription drug plan.

If you drop your coverage with the School District of Palm Beach County and enroll in a Medicare prescription drug plan, you will not be able to get this coverage back later. You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.

Your current coverage pays for other health expenses, in addition to prescription drugs, and you will still be eligible to receive all of your current health and prescription drug benefits if you choose to enroll in a Medicare prescription drug plan.

You should also know that if you drop or lose your coverage with the School District of Palm Beach County and don't enroll in Medicare prescription drug coverage after your current coverage ends, you may pay more (a penalty) to enroll in Medicare prescription drug coverage later.

If you go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly premium will go up at least 1 percent per month for every month that you did not have that coverage. For example, if you go 19 months without coverage, your premium will always be at least 19 percent higher than what many other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to enroll.

For more information about this notice or your current prescription drug coverage, contact the Benefits Department at (561) 434-8580.

NOTE: You will receive this notice at other times in the future, such as before the next period you can enroll in Medicare prescription drug coverage, or if this coverage changes. You also may request a copy of this notice at any time.

For more information about your options under Medicare prescription drug coverage:

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare prescription drug plans. For more information about Medicare prescription drug plans:

- Visit: www.medicare.gov
- Call your state health insurance assistance program for personalized help (see your copy of the "Medicare & You" handbook for their telephone number).
- Call **(800) MEDICARE ((800) 633-4227)**. TTY users should call **1-877-486-2048**.

For people with limited income and resources, extra help paying for Medicare prescription drug coverage is available. Information about this extra help is available from the Social Security Administration (SSA) online at www.socialsecurity.gov or by phone at **(800) 772-1213 (TTY (800) 325-0778)**.

Remember: Keep this notice. If you enroll in one of the new plans approved by Medicare that offer prescription drug coverage, you may be required to provide a copy of this notice when you join to show that you are not required to pay a higher premium amount.

Patient Protection

The medical plans offered by the School District of Palm Beach County do not require you or your family to designate a primary care provider. However, you have the right to select any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact UnitedHealthcare at www.myuhc.com or call the customer service phone number shown on your UHC ID card.

For children under 21, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from UnitedHealthcare or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a healthcare professional in our network who specializes in obstetrics or gynecology. The healthcare professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating healthcare professionals who specialize in obstetrics or gynecology, contact UnitedHealthcare at www.myuhc.com or call the customer service phone number shown on your UHC ID card.

Insurance Coverage after Retirement

Under section 112.0801, Florida Statutes, your FRS employer is required to offer you or your eligible dependents the option of continued participation in any employer-sponsored group insurance plans in which you were participating at your retirement or at your DROP termination date.

As a retiree, your premium cost for health and hospitalization insurance coverage may not exceed the total employee and employer premium cost applicable to active employees. You may lose your eligibility to participate if

you choose not to continue participating in your employer's group plan at retirement, initially choose to continue but subsequently stop participating, defer your retirement to a future date, or otherwise do not meet your employer's group plan requirements. Before you terminate employment, contact your FRS employer about continuing your employer-sponsored group insurance coverage. The division has no authority over or responsibility for employer group health and hospitalization plans.
